

ENGLAND BOXING
Supervisors (CPD Resource 2020)

Situation 3 Growing Tension and Potential Violence

The Context – There is growing tension in the venue and some of the R&Js and Coaches are worried about the potential violence that could happen, outline your priority actions and how would you manage and lead this potential critical time.

Different Views –

What if some of the coaches want to continue?

How will you manage mixed messages?

Be mindful –

Outline your priority actions?

What is your main responsibility?

How will you lead yourself and others during this situation?

Who do you need to inform, do you have and the right contact details?

Reflection –

After reading the 'context', what was your initial view. Were you clear on an action plan and responsibility?

How will you manage the wider communication and also what would be the next steps and actions post competition? (report, update to EB?)

Tools & Resources
for Supervisors**

Assessing the Situation

Situational Factors

Behavioral Factors

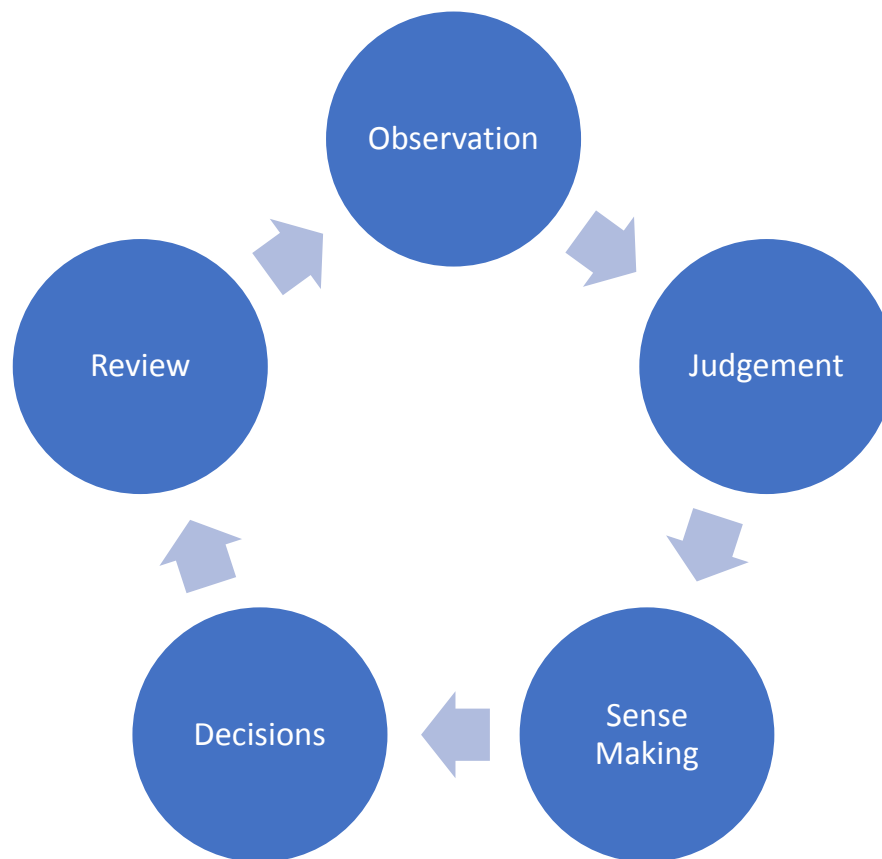

Risk Factors

Leadership

Judgement and Decisions

Dealing With Angry People

Calm and slow
things down

Break the emotional
'spirals of
escalation'

Stay safe & involve
others (if needed)

Don't respond with
anger

Distance yourself
emotionally

Identify the cause

Pursue & solution
